

CONTENTS

Section 1 - COCONUT BREEDING, CONSERVATION, MODERN TECHNOLOGY AND TISSUE CULTURE

Use of Microsatellite DNA Markers for Population Analysis, Variety Identification and for Hybridity Testing of Coconuts in Sri Lanka <i>L. Perera, W. B. S. Fernando, N. Hearth, A. Fernando, J. Russell, J. Provan and W. Powell</i>	3
The Successful Mass Production of the Makapuno Coconut by Embryo Culture in the Philippines <i>Erlinda, P. Rillo</i>	16
Genome Mapping Using Sri Lankan Coconut Germplasm: Current Status and Future <i>C. K. Bandaranayake</i>	31
Genetic Fidelity and <i>Ex Vitro</i> Performance of Tissue-Cultured Coconut Plants <i>S. C. Fernando, L. K. Weerakoon, P. I. P. Perera, H. D. D. Bandupriya, I. E. Ambagala, C. K. A. Gamage, E. S. Santha, T. R. Gunathilake and L. Perera</i>	47
Screening of Coconut Germplasm for Drought Tolerance Based on Physiological Traits <i>A. D. Nainanayake and J. I. L. Morison</i>	58
Coconut Embryo Culture: CO ₂ -Enrichment And Root Aeration for Improved Seedling Establishment <i>Yohannes Samosir and Steve Adkins</i>	77
Embryo Transplantation and <i>Ex Vitro</i> Germination for Germplasm Exchange and the Production of High Value, Endosperm Mutant Coconuts <i>Yohannes Samosir and Steve Adkins</i>	92

Section 2 - SOIL AND PLANT NUTRITION, AGRONOMY AND AGRICULTURAL ECONOMICS

- Effect of Organic Manures on the Microbiological Status and Soil Environment of Coconut Lands in Sri Lanka
N. A. Tennakoon, K. S. K. S. Fernando and S. Widanapathirana 105
- Micro-Nutrient Status of Coconut Growing Soils in Sri Lanka After Application of Organic Manure And Npk Fertilizer
D. M. D. I. Wijebandara and L. L. W. Somasiri 126
- Response of Coconut to Drip Irrigation in the Southern Tropical Low Rainfall Zone of India
R. Venkataswamy and H. Hameed Khan 138
- Nutrient Budget for Coconut (*Cocos Nucifera*) Based Restricted Scavenging Poultry Production System
A. D. Samarajeewa and D. V. S. de S. Gamage 152
- Determinants of Export Demand of Coir Fibre and Coir Fibre Products in Sri Lanka: Implications for Export Promotion
K. W. Nanayakkara, M. T. N. Fernando, L. H. P. Gunaratne and K. V. N. N. Jayalath 161
- Women's Income Generation From Coconut-Based Cottage Activities and its Contribution to Their Food Security in Two Rural Poor Communities in Sri Lanka
S. R. Samarajeewa and A. D. Samarajeewa 173
- An Analysis of the Patterns of Expenditure on Cooking Oils Of Urban Consumers in Colombo
M. P. S. Salgado and A. Ariyawardana 183
- Performance Evaluation of Virgin Coconut Oil Expelling System through a Field Trial
M. J. S. Silveira, Y.M. Malini, K. Ranatunge, K. D. P. P. Gunathilake and A. D. Samarajeewa 193

Income Generation from Alternative Coconut-Based High Value Products and Their Profitability In Rural Poor Communities In Sri Lanka <i>A. D. Samarajeewa, S. R. Samarajeewa, K. D. P. P. Gunathilake, and Y. M. M. K. Ranathunga.</i>	204
----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	-----

SECTION 3 - CROP PROTECTION

Efficacy of Carbosulfan 20 Sc in the Management Of Coconut Mite (<i>Aceria Guerreronis</i>) <i>A. D. N. T. Kumara, S. R. Sartathchandra, I. R. Wickramananda and R. Rajapakse</i>	219
----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	-----

A Method for <i>In Vitro</i> Culture of Coconut Mite, <i>Aceria Guerreronis</i> Keifer (Acari: Eriophyidae) in Immature Leaf Tissues of Coconut (<i>Cocos Nucifera</i> L) <i>R. Wickramananda, P. H. P. R. de Silva, S. R. Sarathchandra, A. D. N. T. Kumara and R. H. S. Rajapaksha</i>	229
--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	-----

Application Methods of Zn and the Effect of Macro and Micro Nutrient Applications on the Expression of Leaf Scorch Decline Symptoms in Coconut (<i>cocos nucifera</i> L.) <i>W. S. Madurapperuma, C. S. Ranasinghe, H. Mendis, N. Premasiri, A. Seram and M. Gunawardena</i>	237
--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	-----

SECTION 4 - CROP PROCESSING RESEARCH

New Technologies of Coconut Processing Part I: Process for Defatting Coconut Meat (Wet Process) <i>Werner Baensch, L. L. W. C. Yalegama and J. M. M. A. Jayasundera</i>	251
----------------------------------------------------------------------------------------------------------------------------------------------------------------------------	-----

New Technologies of Coconut Processing: Part II - Process for Production of Virgin Coconut Oil and Low Fat / High Protein Coconut Flour from Coconut Kernel <i>Werner Baensch, L. L. W. C. Yalegama and J. M. M. A. Jayasundera</i>	261
----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	-----

Detection of Adulteration in Lauric Oils: Use of Different Analytical Techniques <i>J. M. N. Marikkar and O. M. Lai</i>	270
----------------------------------------------------------------------------------------------------------------------------	-----

SECTION 5 - TECHNOLOGY TRANSFER

Experience in Technology Transfer Activities of the Coconut Research Institute
P. A. H. Nimal Appuhamy 285

The Importance of Interactive Multimedia Programs (Imm) As an Effective Extension
Material in the Coconut Sector of Sri Lanka: An Overview
H. D. N. H. Fonseka 295

SECTION 6 - POSTER SESSION

Effects of Combinations of Different Herbicides on Control of Weeds in Coconut
Nurseries and Growth of Coconut Seedlings in the Dry Zone of Sri Lanka
S. H. S. Senarathne and K. C. P. Perera 303

Effect of Household Extraction Methods on Composition and Fatty Acids Profile of
Coconut Milk
H. G. N. D. Hiniduma, P. W. M. L. H. K. Marambe, K. D. P. P. Gunathilake 311

Effect of Sodium Metabisulphite and Heat Treatment on Ethanol Production and
Keeping Quality of Bottled Toddy
J. M. M. A. Jayasundera, P. A. D. W. B. Piumi and V. Wijeratne 318

Biochemical and Histological Analysis of Immature Inflorescence Tissues of
Coconut (*Cocos Nucifera* L.) to Support *In Vitro* Clonal Propagation
H. D. D. Bandupriya, P. I. P. Perera and L. K. Weerakoon 326

Assessment of the Present Situation of the Coconut Small Holders in Kuliypitiya Region
J. K. J. P. Jayawardana, C. S. Herath and R. A. L. C. Ranasinghe 335

Assessment of Knowledge Level and Factors Affecting Adoption of Red Weevil Control
Measures of the Small Holding Sector in Kuliypitiya Region
C. S. Herath, J. K. J. P. Jayawardhana and P. A. H. Nimal Appuhamy 346

SESSION 7 - SUMMING UP OF THE CONFERENCE

Summing Up of the Conference

J. M. D. T. Everard

355
